Be Quiet!

Rupert the mouse certainly looks the part of an amazing artist, complete with big round glasses and a mustache, but his friends are totally interfering with his creative process. He has the great idea to create a beautiful wordless picture book, but his two best friends, Nibbs and Thistle, can't seem to grasp the idea of wordless. Even worse - they can't seem to stop

talking. The always amazing illustrations by Ryan Higgins paint a hilarious picture of Rupert's frustrations – and his friend's attempts to "help".

This is a totally fun story for both the reader and the lucky child being read to. Any fans of MOTHER BRUCE are in for quite a nice surprise as well in this very funny, laugh-out-loud, picture book.
